TESTIMONIALS

June did a great job helping me through the difficult task of selling my family home after my mother had passed. Being out of state was hard, but June and her team did a great job with all of the processes from inspecting the house, recommending the listing price to all of the paper work necessary to sell the house. Much of this was accomplished online including the settlement. She took care of all of it. She was very responsive and timely of any concerns that I had. I would highly recommend her.

My brothers and I recently listed our mother's house for sale, as our mom had passed away. Alicia was our realtor and listed the house as an estate sale. The property needed updating, so it was listed "as is" by Alicia. Through the whole process, Alicia kept us informed. Alicia was very knowledgeable and professional, but she is also very kind and funny and easy to talk to. I would highly recommend Alicia and her great team to sell your house. You won't be sorry.
